After spending 25 years working in the automotive industry as a highly skilled and productive technician I decided to make a change. I was given an opportunity to work in the golf industry. It was a wonderful experience that allowed me to become a more knowledgeable and well rounded technician on a much bigger platform. I am highly skilled with hand tools, pneumatic air tools, machinery, repair and maintenance as well as troubleshooting, electrical and electronic issues, fabricating, safety and training.

Professional work Experience

One Guard Inspection services, Houston Texas

Mechanical claims inspector.. (January 2018- Present) As a mechanical claims adjuster it was my responsibility to determine the cause of failure and provide documentation to support the findings. Inspect for proper use and maintenance of the equipment and give recommendations for repairs including the cost for parts and labor.
